SENIOR ENLISTED JOINT PROFESSIONAL MILITARY EDUCATION (SEJPME)

The primary Joint PME opportunity available to enlisted members of the Air National Guard is the Senior Enlisted Joint Professional Military Education (SEJPME) course. It is the first program established to meet the demands for joint experience among enlisted members in the various Services, and attendance is not currently based on duty requirements.

The SEJPME Course is designed to expose enlisted personnel to joint education and prepare them to succeed by improving their ability to operate effectively as part of a future joint force, while supervising members from multiple services.

The SEJPME Course is a stand-alone web-based course that uses multi-media instruction. The course contains a pre-test, section knowledge checks (quizzes), and a final examination. In order to receive a completion certificate, all learning modules and tests must be completed, a minimum final examination grade of 80% must be achieved, and a completed electronic course evaluation/feedback form is required.

Enrollment: Students self-enroll via the Joint Forces Staff College (JFSC) website by selecting the SEJPME link at www.jfsc.ndu.edu.
