**Position Description (Duty Description):** Incumbent serves as a Defensive Cyber Operations theater planner for the C-NAF and should have an understanding of Mission Defense Team (MDT) and Cyber Protection Team (CPT) charters and capabilities. Selectee facilitates planning, integration and development of Defensive Cyber capabilities across the CONUS NORAD Region-Air Forces Northern (CONR-AFNORTH) operational theater. Member coordinates with key organizations (military & interagency) regarding priorities and authorities required to achieve mission assurance for the C/JFACC. Member

assists key organizations with the stand-up of MDT capabilities supporting the C/JFACC Key Terrain-Cyber (KT-C).

Additionally, member participates in the standardization and implementation of theater reporting and incident response. Member assists in developing theater MDT training and operations blueprint and drive adherence to implementation guidelines.

Finally, member coordinates and participates in exercises (table top, command post, National Level, and Globally Integrated) to ensure Standard Operation Procedures (SOP) are properly developed, exercised, assessed and implemented. May be tasked to assist in planning of operational cyber systems architecture; development of visual information pertaining to cyber principles, cyber operations and communications equipment; and techniques involved with cyber planning, programming, project management, and procurement.

\*\* All personnel applying for this 1AF position must have a current TS/SCI security clearance with a SSBI.
