Position Description (Duty Description): Incumbent serves as a Defensive Cyber Operations theater planner for the C-NAF and should have an understanding of Mission Defense Team (MDT) and Cyber Protection Team (CPT) charters and capabilities. Selectee leads planning, integration and development of Defensive Cyber capabilities and tools across the CONUS NORAD Region-Air Forces Northern (CONR-AFNORTH) operational theater. Member applies cyber threat and vulnerability assessment techniques to

C/JFACC mission relevant cyber terrain (MRCT) and key cyber terrain (KT-C). Member coordinates with key organizations (military & interagency) regarding priorities and authorities required to achieve mission assurance for the C/JFACC. Member assists key organizations with the stand-up of MDT capabilities and the coordination of CPT assets supporting the C/JFACC KT-C.

Additionally, member participates in the standardization and implementation of theater reporting and incident response. Member assists and drives in developing theater MDT training and operations blueprint and drive adherence to implementation guidelines. Member ensures integration of standardized defensive cyber operations, processes, and resources into the current operations tempo of the AFFOR Communications Control Center (ACCC). Finally, member coordinates and participates in exercises (table top, command post, National Level, and Globally Integrated) to ensure Standard Operation Procedures (SOP) are properly developed, exercised, assessed, and implemented across the theater's cyber assets.

** All personnel applying for this 1AF position must have a current TS/SCI security clearance with a SSBI.
