POC Position: Mf Hagop Kassabian /240-612-9411

Position Description (Duty Description): Incumbent will perform as an NGB/A8FB, Basing Branch, Base Infrastructure Program Coordinator and be responsible for the preparation, validation, and distribution of Air National Guard strategic force planning, basing and analysis of documents, to include flight-plans, and white

papers, as approved and directed by the Director, Air National Guard. Incumbent will be responsible for ANG units basing infrastructure analysis and/or evaluate MILCON/SRM risks, benefits, costs, and implications of formally integrating ANG personnel and resources across all Air Force mission areas and all Air Force components in different unit organizational and Total Force Initiatives (TFI) basing concepts. The incumbent will assist in developing the ANG position on strategic basing initiatives and coordinate ANG position with Headquarters Air Force and Air Force Major Commands in development evaluation criteria related to base infrastructures. Serve as an advisor to Air National Guard senior staff and leadership in determining the most appropriate response in the areas of ANG force planning and basing as relate to TFIs. Will be expected to conduct meetings with various key personnel within the Air National Guard and outside agencies in order to discuss, evaluate, and determine courses of action relative to strategic force planning, basing and infrastructure analysis, TFIs, and as necessary other strategic MILCON/SRM related functions. Must have a working knowledge of the base infrastructure processes and functions and organization structure of the NGB, USAF, MAJCOMs, NAFs, TAGs, and ANG units.
