Position Description (Duty Description):

AFNORTH Mission: Continental NORAD Region, First Air Force, Air Forces Northern (CONR-1AF-AFNORTH) is seeking qualified 14NX Company Grade Officers to support the three mission lines: Homeland Defense, Theater Security Cooperation, and Defense Support to Civil Authorities. Duties listed below are not all encompassing, but also not limited to:

Intelligence, Surveillance, and Reconnaissance Operations Planner:

Duties and Qualifications:

A. Advises the First Air Force Senior Intelligence Officer (SIO), the First Air Force Commander (1 AF/CC) and senior leadership, North American Air Defense Command (NORAD), U.S. NORTHERN Command (NORTHCOM), Headquarters Air Force (HAF), Major Commands (MAJCOMs) and Department of Defense (DoD) on all issues pertaining to Intelligence, Surveillance and Reconnaissance (ISR) operations, Incident Awareness and Assessment (IAA), and future planning within the assigned theater Area of Operation (AOR).

B. Assists in planning, development and execution of ISR/IAA related activities to include support to Theater Security Cooperation (TSC) and Subject Matter Expert Exchanges (SMEE) with regional partners across the DoD. As required, functions as a Mobile Training Team (MTT) member to include travel to partner nations, and instruction of U.S. Air Force ISR/IAA concepts.

C. Responsible for coordination of U.S. Air Force (USAF) ISR/IAA operations to support, NORAD - NORTHCOM Command Staff, 1 AF/CC and staff, and assigned/aligned units, to plan and conduct military operations in the NORAD - NORTHCOM theater of operations. Identifies and tracks ISR/IAA Tasking, Processing, Exploitation, Assessment and Dissemination (PED/PAD) operational requirements, develops architectures and programs operations.

D. Supports intelligence plans and programs activities required to support Numbered Air Force (NAF), air component command, and combatant command level operations, applying USAF military experience to analyze, develop and evaluate issues, propose courses of action and develop recommendations to resolve substantive problem/issues of effectiveness and efficiency of work operations in major operational war fighting programs. Performs complex intelligence analysis; reviews plans, resources and architectures in support of the Air Component ISR Directorate (1 AF/A2).

E. Coordinates ISR and IAA inputs to A3 led operations planning groups (OPGs) to include: Operations Plans (OPLANS), Planning Orders (PLANORDs), Fragmentary Orders (FRAGO) and Execution Orders (EXORDs) within 1 AF - Air Forces Northern (AFNORTH) headquarters.

F. As directed, represents 1 AF (AFNORTH) ISR and IAA operations at the National Intelligence Community, DoD, HAF, MAJCOM, National Guard (NGB) and Combatant Command planning workshops, conferences and other forums; advises all levels of the

DoD on Air Force and 1 AF (AFNORTH) ISR and IAA capabilities for incorporation into mission plans and assigned tasks/activities as required; briefs on ISR and IAA operation mission areas of both current and future opportunities.

G. Functions as a member of 1 AF (AFNORTH) Contingency Action Teams (CAT), Joint Air Component Coordination Element Teams (JACCE) and Continuity of Operation Teams to include travel to disaster areas, national security centers, state emergency operation centers (EOCs), joint operation centers (JOCs) and/or continuity of operations locations as required/assigned.

H. Provides support and expertise to the NORTHCOM Joint Fires Element (JFE) in support of the Joint Targeting Cycle (JTC) with targeting options that directly support homeland defense objectives. Coordinates service level support/reachback for target system analysis and basic entity-level target development. Nominates targets to the NORTHCOM target development working group.

I.. When directed, performs other duties as required and/or assigned.
